Fistulas Placed in Incident Patients by Network

Placed = present, whether being used or not

K/DOQI Goal = 50%

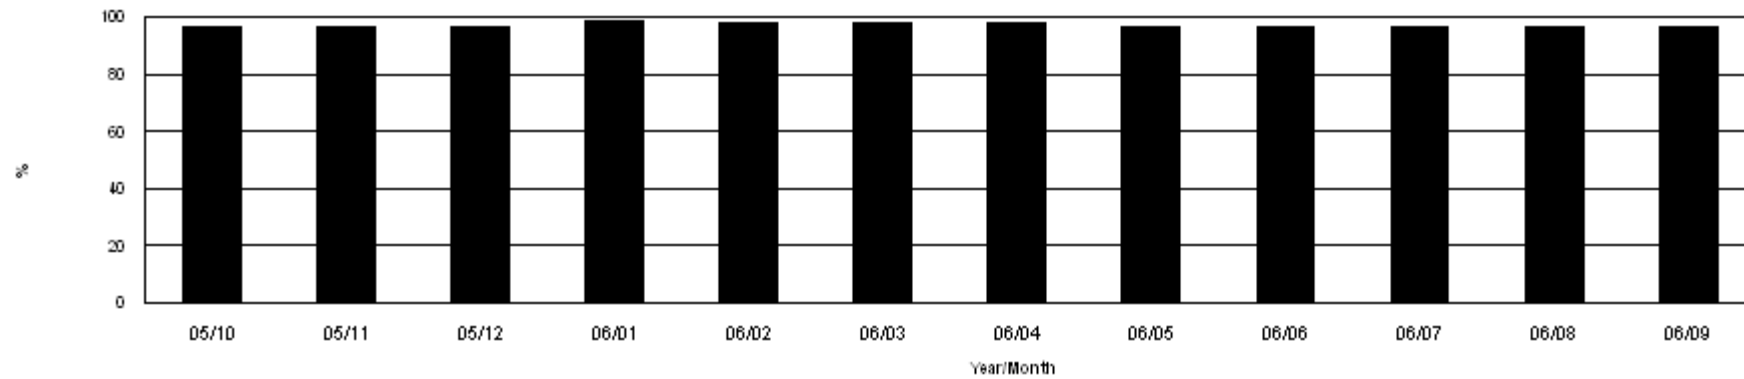

n = Number of new dialysis patients that month

P = number of incident patients with fistula placed

Appendix B

LDO Reporting Breakdown (Managed or Owned) As Of 9/06

The first value in each cell represents the number of eligible facilities within that LDO for each network.

The second value in each cell represents the number of reporting facilities within that LDO for each network.
